THE DISCREET VENUE

## THE YEAST TOWER

*Perfect for the small meeting or the intimate meal.*

If anything qualifies as an overlooked gem, it is this small romantic watchtower that keeps watch over the traffic on Ny Carlsberg Vej, the main street of Carlsberg. Climb the granite steps and you arrive in the beautiful, circular tower room.

There is a dining space for up to six people: just enough for a small party or for those looking for a more intimate setting.
